Brilliance Quest™

THE FIRST STEP INTO THE LIGHT

INTRODUCTION

Hey beautiful,

Welcome to your **Next Clue** adventure! Congratulations - you're about to host the **ultimate** night in. This isn't just an evening of fun and games; it's an immersive adventure where your guests will laugh, reflect, and rediscover their brilliance. You're the host of a night designed to inspire connection and create unforgettable memories.

Hosting The Brilliance Quest means blending mystery, excitement, just enough empowerment to make everyone feel like the main character! But don't worry—you're not doing this alone. I've thought of everything to make your role as host seamless and enjoyable, so you can focus on guiding the magic while having fun yourself.

At the center of this journey is the enigmatic **Penelope Celeste**, your guests' mysterious reason for the evening. Later you'll see how she sets the tone, sparks the magic, and reminds every guest of the brilliance they carry within.

As the host, you're the co-conspirator in creating a night like no other. With this guide, you'll have everything you need to pull off an unforgettable evening while enjoying the experience right alongside your guests.

Important! Before you dive into setup mode, read this guide all the way through. Skipping parts is how IKEA furniture becomes "abstract art." If you get stuck or need a last-minute pep talk, shoot me a message—I'm here for moral support and troubleshooting!

PRINT GUIDE & TIPS

ESSENTIAL INFO

Printing Tips

Here are some general printing tips for the Brilliance Quest scavenger hunt kit to ensure everything looks great and is easy to use:

- Check Print Settings – Set your printer to “Best” or “High Quality” mode to ensure crisp, clear colors. Ensure you do not print double sided.
- Higher quality paper such as card stock is great, but regular paper works just as well!
- Adjust for Size – If a clue or game piece is getting cut off, select “Fit to Page” in your printer settings to make sure everything prints correctly.
- Test Print First – Before printing everything, do a test print of one page to check alignment, color, and size. This saves ink and paper in case adjustments are needed.

With these tips, you'll have a brilliantly printed scavenger hunt ready to go!

Decoration Ideas

None of these are required, but they can elevate the vibe and immerse your guests in the theme. Use what you have and keep it fun!

1. Theme Colors

a. Stick to purple, pink, white, and silver. Use items you already own—blankets, pillows, or trays work great!

2. Table Decor

a. Scatter crystals, gems, or costume jewelry. Use fabric like scarves or sheets in theme colors as table coverings.

3. Balloons

a. A few purple, pink, white, or silver balloons add instant festivity. Try a small bouquet or garland for extra flair.

4. Signage

a. Signs are included in the kit—just tape them up or use frames if you have them. Feel free to add your own fun drink, food and other signs if you have them.

5. Lighting

a. Ditch overhead lights for string lights, lamps, or LED candles. Fairy lights in jars add a magical glow.

6. Backdrops

a. A photo area isn't necessary but adds fun. Use a silver curtain, purple blanket, or decorate a wall with balloons or lights.

7. Repurpose What You Have

a. Wrap empty boxes as props, fill bowls with candy or flowers, and use sparkly holiday decor like tinsel or ornaments to enhance the silver theme.
